**North American SNJ-5/AT-6 600 HP**

**T-34A 300HP Beech Mentor 1955**

**Our Home at KUES Waukesha Airport**

## **Join the CAF WI Wing!!**

Check out the Wisconsin Wing of the CAF! The CAF mission is to Educate, Inspire and Honor! To help us carry out that mission here in WI, we have a 1943 North American SNJ-5/AT-6 Texan, and a newly restored 1955 T-34A Air Force Mentor.

As a Colonel in the Commemorative Air Force you are invited to get involved in many ways, including the operation of these magnificent historic airplanes, and have a great time doing it! The WI Wing has a wide range of members: men, women, youth (cadets), seniors, veterans, active pilots, WWII enthusiasts, and all around great people to associate with.

The WI Wing has monthly meetings (2nd Sat at 10:30 AM) at the KUES CAF hangar, Spring Banquet with guest speaker, Holiday Party, Hangar Cookouts, and a fun season of attending air shows and fly-ins in the SE WI area with the PX operations, historic aircraft rides program, and aircraft static display. See [www.cafwi.org](http://www.cafwi.org) Your membership helps support over 180 WWII aircraft that the CAF keeps flying, including *FiFi*, one of 2 flying B-29's! You also get a monthly DISPATCH magazine full of great stories and photos, as well as a WI Wing monthly newsletter.

All CAF costs and donations are tax deductible to the extent allowed by law. Membership shows your strong interest in seeing these aircraft preserved in flying condition and your interest in playing an active role in their operation so we can continue to educate, inspire and honor.

I hope that you will join us as we keep these historical aircraft flying. Check out the WI Wing website and the main CAF site too.
